COMING SOON AUGUST 2023

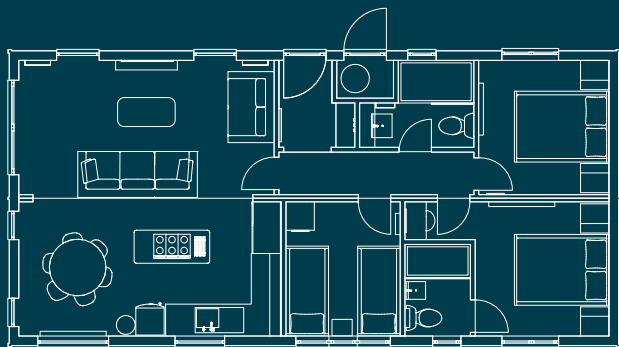

ARTIST IMPRESSION

A LITTLE INTRODUCTION

Here at Darwin Escapes, we're proud to partner with Blenheim Palace to bring you our peaceful Blenheim Palace Lodge Retreat, located in the beautiful, surrounding Blenheim Estate grounds.

Working together, we have created a wonderful location for a self-catering holiday in the countryside, and only a short walk away from the breath-taking Blenheim Palace.

LUXURY HOLIDAY LODGES

Our self-catering holiday lodges are ideal for your stay, and, with a range of one, two and three-bedroom options available, there's a lodge perfect for you and your loved ones.

We have a range of pet-friendly accommodation, so the whole family can take a break with endless walks waiting to be discovered for you and your tail-wagging buddy.

The lodges will come equipped with fully fitted Samsung kitchens, luxury dining and living areas that will offer the perfect home-away-from-home to enjoy a break in the Oxfordshire countryside.

In addition, each building will be fully electric and be fitted with air-source heat pumps, which act as a low-carbon and low-energy method of heating buildings to reduce the impact on the environment. Electric car users can benefit from having their own personal car charging station for each lodge.

BLENHEIM PALACE LODGE RETREAT

COMING SOON AUGUST 2023

"It is fantastic to have this project underway at what is a wonderful location. We are incredibly thankful for the support that Blenheim Palace have offered throughout this process, and we look forward to welcoming our visitors and the community to the lodge retreat"

Drew Campbell

Operations Director of Darwin Escapes
